

RADAR ACTIVATED SAFETY SIGN

Revolutionizing Safety and Awareness

Empowering Control and Flexibility

Customize Your Message: Our innovative RADAR Activated Safety Sign takes personalization to a new level. With the ability to upload any image, your safety message can now be as unique as your needs. Whether it's for a residential area, school zone, or industrial site, make it impactful with custom visuals that speak directly to your audience.

Cutting-Edge AI Technology

Intelligent Recognition: Equipped with the latest in AI technology, this safety sign doesn't just alert; it understands. From animals crossing to the detection of fire and water hazards, the sign adapts to a variety of safety needs, ensuring your premises are not just informed but intelligently protected.

Precision and Versatility

Adjustable Speed Awareness: Tailor the message with adjustable speed settings within the sign's annulus. Whether it's a gentle reminder to slow down or an urgent warning to stop, control is at your fingertips.

Streamlined Interface and Connectivity

Remote Programming: Accessible via mobile phone, tablet, or computer, our sign is designed for convenience. Program and adjust settings remotely to adapt to changing safety requirements.

Traffic Analyzer: Our integrated Data Logger offers in-depth insights into traffic patterns, speeds, and behaviors, enabling informed decisions to enhance road safety.

Specifications at a Glance:

- **Integrated Violation Alert:** Instantly notifies when speed limits are exceeded.
- **High Speed Cut-off:** Ensures safety by disabling certain functionalities at dangerous speeds.
- **Optional Slow Down Message:** User-defined speed thresholds cater to varied safety requirements.
- **Speed Display Range:** From 5km/h to 99km/h, suitable for a wide range of environments.
- **QuickChange™ Brackets:** Facilitates easy relocation, enhancing the sign's utility across multiple sites.
- **Versatile Mounting Options:** Compatibility with U-bolts, clamps, or stainless-steel banding for secure installation.
- **Advanced Camera Features:** Recognizes critical safety factors such as animals, fire, water, and optionally, license plates—subject to authority approval.

Features & Benefits

- **Dynamic Speed Monitoring:** Not only does it record and display speeds, but it also intelligently prompts drivers to slow down upon detecting speed limit breaches.
- **Adaptable to Time and Situation:** Acknowledges varied speed limits based on time zones, including specific considerations like school holidays.
- **Power Options for Every Need:** Choose from solar, battery, or mains power, complemented by a vast array of programming options for ultimate flexibility.
- **Versatile Messaging:** Beyond speed alerts, this sign doubles as a mini-message board, displaying written messages for additional communication needs.
